Prevent

From 1 July 2015, Parliament placed a statutory requirement on the council to “have due regard to the need to prevent people from being drawn into terrorism.” Prevent focuses on supporting and protecting people who might be susceptible to radicalisation. Our Adult Learning and Skills Service uses established safeguarding processes to ensure awareness of Prevent for both staff and learners and so help divert potentially vulnerable people from becoming involved in extreme or radical groups.

To report any concerns of radicalisation, please speak to your tutor in the first instance or contact penny.asumang@lbhf.gov.uk – Deputy Safeguarding Lead

Promoting British values

Democracy

- Your opinions count
- Don't forget to vote.

The rule of law

- No one is above the law
- Laws protect everyone
- Innocent until proven guilty.

Individual liberty

- Freedom of speech.

Respect and tolerance for:

- All backgrounds and cultures
- All ages
- All genders and sexualities
- All religious belief.

Equal opportunities

The adult learning and skills service will ensure that no one is discriminated against because of their ethnic or national origin, race or colour, gender, age, class, sexual orientation, or because of their religious or political beliefs, disability or income.

If you feel you have been discriminated against please talk to your tutor or ask at reception to speak to a manager.

You are expected to comply with the London Borough of Hammersmith & Fulham equal opportunities policy.

Keeping track of your learning

All learners will have an Individual Learning Plan (ILP), or learning targets. These will set out what you want to learn on the course. It includes an assessment of what you know and can do at the start, a record of the progress you make, and what you achieve by the end of the course. You will be given the opportunity to review your targets and comment on your progress. Your tutor will use all of this information to help plan their teaching.

Additional learning support

Anyone enrolled in an adult education class can receive extra help with their learning through a number of varied support options offered by the service. If you have a support need please notify us as early as possible at enrolment, or by emailing LearnerSupport@lbhf.gov.uk to arrange a confidential interview.

The service can provide:

- Confidential interviews about any additional support you may require
- Help with language, literacy and numeracy skills
- Free access to computers and the internet in the Study Support sessions
- Adaptive equipment for students with a learning difficulty or disability
- Experienced one-to-one, and whole group, learning support assistants
- Dedicated classes for discrete learner groups.

Study support sessions

There is one support session per week, in the computer rooms at the Macbeth Centre, facilitated by an experienced IT lecturer. They allow you to use programs and the internet, print work and assignments, research information using websites, discover materials and resources, use adaptive equipment and practise your computing skills. Please ask your tutor or reception for more information.

Literacy, language and numeracy support

Like many adults, you may find reading, writing and number skills difficult, particularly if you are returning to study after a long break. Students whose first language is not English may find their course difficult because of this. If you think you may experience difficulties during your course, please speak to your tutor as soon as possible and/or email Liz Asadi, Programme Manager - Skills for Life and Family Learning, at elizabeth.asadi@lbhf.gov.uk.

Learning difficulty or disability support

If you are interested in our provision for learners with learning difficulties and disabilities, please let us know. We can try to assist if:

- You feel you would benefit from some additional support
- You want access to adaptive technology, because of a learning difficulty or disability.

Please email our learning support officer or alssinfo@lbhf.gov.uk to arrange a confidential interview.

Recruitment policy

It is our policy to help students enrol on the course that is right for them. Any entry requirements will be clearly set out in the course information sheet. We will also make it clear where courses are designed to meet the needs of specific groups.

Disability statement

Easy read versions of our Disability Statement, Appeals Procedure and Health and Safety Induction with Makaton symbols, can be requested from reception.

The service is committed to supporting people with disabilities by trying our best to:

- Have trained staff to help and advise you, including trained BSL signers
- Make our buildings as accessible as possible and moving classes to step free access if required
- Make information available in different formats, including Makaton
- Provide specialist equipment or materials
- Have support staff in classes
- Have confidential discussions and advice in person, via the phone or email
- Make sure class materials are accessible
- Link you with your tutor before you start
- Have a range of classes especially for people with learning difficulties including access to qualification courses and advice on progression routes
- Work with other organisations such as Action on Disability and MIND to get more help and advice if we need it
- Have study support sessions where you can get extra help and practise your skills.

How can I get advice and support?

- You can contact our SEN support officer to have a confidential discussion on how best we can support your learning
- You can ask for help at reception. Course information sheets are also available to help you decide if the course is what you want
- Once you have enrolled and said that you have an Additional Support need, you will be contacted to discuss the best way to support your learning
- We try to follow up all additional support requests as quickly as possible so the sooner you inform us the better.

What happens if I need extra help to do my exams?

- We need to know if you require extra help for any classes, but especially if you are going to do an exam
- When you are registered to do a qualification we will inform the examination board of your additional needs
- The extra help you get will depend on your individual circumstances and in some cases you will have to provide medical evidence. You may be allowed to have assistance, special equipment, additional time or other support.

Please declare any additional support needs, as early as possible, during enrolment or inform your tutor at the beginning of your course or you can talk to Student Support.

Learner Voice

The adult learning and skills service seeks the views of its learners - past, present and future.

The service seeks to capture these views in several ways:

- Annual student satisfaction survey
- Completing the GLA London Survey helps us measure learner outcomes, improve our services, and secure funding to benefit current and future learners
- Learner focus groups
- Monitoring letters of complaints and compliments
- Celebrating learners' success at events and exhibitions
- Suggestion boxes and learner feedback cards
- Learner feedback on HFALS website
- Learner evaluation during courses
- Observations of teaching, learning and assessment (OTLA).

Secure payment information

- To keep your payment details secure, we no longer take card details over the phone or in person. Instead, you will be transferred to our secure automated payment service, where you can enter your card details yourself. We can also send you a secure payment link by email or text.
- A 2% surcharge applies when using a company or business card through the automated payment service. This surcharge does not

apply if you pay using a secure payment link sent by HFALS.

Paying by instalments

Learners who are enrolling on a year-long accredited course and experiencing hardship can apply to pay in three instalments. First instalment is taken at the time of enrolment, the remaining course fees can be paid over two more instalments for which you will be required to complete a Direct Debit Mandate. Please note once you are enrolled all instalments must be paid.

Invoicing your employer

We can invoice your employer for course fees. You must provide proof, on letter headed paper, that your employer agrees to pay and an additional fee of £30 is charged for administration.

Refunds

A full or partial refund of your course fee will only be made when:

1. We close, merge or reschedule your course and you cannot get to the alternative
2. There is a medical reason supported by a certificate or doctor's letter.

An administrative charge of £12 will be made for this refund. We do not provide refunds where individual sessions have to be cancelled, but will make every effort to offer an alternative session.

Credit

If you have been given credit, you must use within the academic year.

Fees

Please note: Course fees, times, dates and other related details are correct at time of going to press. In exceptional circumstances however, we may need to update the amounts to be charged or other related course information. You should check that you have the correct details before enrolling.

Learner support fund

Learner support funding is available through the Adult Skills Fund (ASF), managed by the Greater London Authority (GLA). It helps eligible learners on some accredited courses with essential costs. Eligibility will be discussed at your interview, but it's usually available to people who are unemployed and looking for work, or those on a low income.

What costs can be claimed?

- Course fees (up to 20%, but only in exceptional circumstances)
- Course books
- Travel costs
- Essential equipment or materials required for the course.
- Registration fees (for professional bodies).

Receipts will be required for proof of purchases.

How to apply?

Before you can apply for Learner Support Funding, you must attend an interview and enrol on your course. Further information and application forms are available in reception.

Compliments or complaints

We aim to provide a high quality service at all times. We like to hear both about good service and where things have gone wrong. If you wish to compliment any aspect of the service or have a complaint, contact reception, email beryl.lester@lbhf.gov.uk or complete a feedback card which can be found in reception.

All complaints received are taken seriously and are dealt with according to the complaints procedure.

We will make sure that you are supported to progress your complaint by providing an interpreter, signer or an advocate if necessary.

You can discuss any complaint to do with disability and access informally with our SEN support officer who will try to resolve the issue and will advise you on the corporate procedure should you want to take the matter further.

Quality assurance

We are committed to providing the highest quality of learning opportunities. Our approach to quality assurance is based on building quality, and equality, into every aspect of the service. We believe ensuring quality is part of everybody's job and all policies and procedures are directed to improving the quality of provision. We promote an ethos of critical analysis and continuous improvement.

We carry out a number of checks to assure and improve the quality of our service. These include:

- Regular visits to classes to observe the quality of teaching and learning, by both our own staff and external inspectors
- External verification of quality standards by Accrediting bodies
- Ofsted monitor and inspect our service on a regular basis
- Monitoring recruitment, retention and achievement
- Course and curriculum reviews
- An online learner survey: www.lbhfadmin.com/ALSSSurveyOnline/Create
- Regular reviews of our systems and procedures.

All of this information is fed into an annual self-assessment report, and a quality development and improvement plan. If you have any comments or suggestions please let us know. We were last inspected by Ofsted in 2023 go to the link below to read more about the visit and their feedback. **Ofsted Inspection Visit 2023.**

Assessment appeals

If you wish to appeal against an assessment of your work you should raise it with a member of staff. The tutor will discuss the assessment with you and take appropriate action. If you are dissatisfied with the outcome please ask at reception about the next stage of the appeals procedure. For accredited courses the awarding bodies have their own appeals procedure and this can be requested from our exams officer.

Exclusion policy

The adult learning and skills service is committed to providing a safe and supportive environment in which adults from a wide variety of backgrounds can learn together. In order to maintain this environment we reserve the right to exclude a student from a course where this is judged necessary. A full copy of the exclusion policy and procedures is available from reception.

Health and Safety - hazards and first aid

Responsibilities

Everyone has a duty to ensure the safety of themselves and others who may be affected by what they do or do not do. Please help yourself and the service in making this a safe and enjoyable environment in which to learn, by following health and safety procedures and by suggesting and making improvements with regard to health and safety.

Reporting hazards

Report any hazard that you find to your tutor or centre staff. This will be a major help in preventing accidents.

Recording accidents and incidents

Your tutor will record any accidents or incidents in the accident/incident book kept at reception. Managers will then investigate and, where necessary, identify changes to the work routine/workplace to make it safer for all. A no blame culture is operated when investigating accidents to ensure the root causes are found.

Evacuating the building

Please make sure you know how to leave the building safely in case of an emergency and that you are familiar with the fire procedures displayed in all adult education centres. When you hear a fire alarm your tutor will escort you from the room to the assembly point for that centre. Please make sure you stay with your tutor so they can check that everyone is safely out of the building.

Evacuation assembly point.

First aid

A list of qualified first aiders and first aid equipment is available at reception and around the building.

Never handle blood, open wounds or body fluids unless you are wearing safety gloves.

Hazardous substances

Some of the substances used in practical subjects can be hazardous.

Your tutor will provide information and advice about using these safely. If you are not sure please ask before using any substance you are not familiar with. It is your responsibility to inform the tutor of any relevant allergies that you might have.

Manual handling

Many injuries are caused through poor manual handling; that is moving an object from point A to point B. Please stop and think before you move or handle anything heavy or awkward. Always ask for help if you are not sure.

Equipment and machinery

Health and safety regulations state that only trained people can use certain equipment and machinery. If you have not been instructed in the use of our equipment and machinery speak to your tutor for guidance and instruction.

e-Safety and Acceptable Use

Computer skills are vital to access employment and life-long learning, but there are dangers and risks associated with using computers and the internet. The adult learning and skills service (ALSS) want all our learners to be able to get the most out of using technology and use it in a responsible way. ALSS provide guidance and advice on keeping yourself safe in our Acceptable Internet Use and e-Safety policy. You can see our Acceptable Use policy in all classrooms and can request a copy of the e-Safety policy from reception.

Tidy work areas

Keeping your work area tidy reduces the risk of accidents, improving health and safety for all. Take time before the end of every session to ensure the room is left in a clean and tidy condition.

Smoking and Vaping

In line with our service policy, smoking, the use of e-cigarettes, and vaping are not permitted anywhere on the premises or grounds of the service.

Mobile phones

To maintain a positive learning environment, mobile phones should not be used during lessons or in workshops. If you need to use your phone, please do so respectfully and with consideration for others.

Food and drink in classrooms

No food or drink (except for bottled water) is allowed in classrooms.

How we use your personal information

We use your information for educational, employment, and well-being purposes, and may share non-sensitive data with relevant organisations. Your sensitive personal information (such as disability or ethnicity) is used to ensure equal opportunities and provide appropriate support and may be anonymised for statistics; we will seek your consent before sharing sensitive data, unless legally required or necessary.

When you apply for a course, the personal information you provide is collected and used by the Department for Education (DfE) to meet its statutory responsibilities, including funding, monitoring, and research. This includes data submitted through the Individualised Learner Record (ILR). Your information may be shared with other organisations where the law allows it and in line with DfE data sharing procedures.
